## ENVIRONMENTAL POLICY

Bridgestone Mining Solutions Australia Pty Ltd (BMSA) is fully committed to and constantly strives to achieve the goals of the Bridgestone Global Philosophy which incorporates "The Bridgestone Mission & Essence, Safety Mission Statement, Quality Mission Statement and Environmental Mission Statement".

The Bridgestone Mission & Essence are the core of the Global Philosophy;

### Mission

Serving Society with Superior Quality

### Essence

Seijitsu – Kyocho	Integrity and Teamwork
Shinshu - Dokuso	Creative Pioneering
Genbutsu - Genba	Decision-Making Based on Verified, On-Site Observations
Jukuryo - Danko	Decisive Action after Thorough Planning

BMSA acknowledges the importance of protecting environmental values and recognising obligations, both locally and globally, to present and succeeding generations. Through its planning and practice, BMSA is committed to bringing about improved environmental practices and a greater awareness and understanding of environmental sustainability.

BMSA has an Environmental Management System (EMS) in place to promote environmental initiatives. The framework of the EMS is aligned to AS/NZS ISO 14001:2016 (international specification for an environmental management system). The EMS will also assist in the monitoring of more stringent regulations that may be introduced in the future.

BMSA will monitor and continuously improve its environmental performance by setting objectives and refine operational procedures to ensure best practice.

To assist in managing the organisations impact on the environment, BMSA undertakes to:

- ✓ Minimise environmental liabilities;
- ✓ Maximise the efficient use of resources;
- ✓ Reduce waste;
- ✓ Demonstrate a moral corporate image;
- ✓ Build awareness of environmental concern among employees; and
- ✓ Improve environmental performance through more efficient operations.

All BMSA employees have a responsibility to work sustainably and reduce the negative impact of their own activities on the environment.
